

STONE GENERAL CONDITIONS

1. All appliances, sinks, faucets, and additional cutouts must be on the job at the time of installations. A return trip to complete will be charged at an hourly rate.
2. If template cannot be completed at the requested time, a \$75.00 charge will be added for the return trip.
3. Cabinets must be level. If we are to level, an hourly charge will be assessed.
4. In the case of a countertop replacement job (remodel or upgrade), tear-out, removal from job site, plumbing, and electrical hookups are not included in countertop pricing. We will require a signed tear-out form before we start the project.
5. Customer is responsible for patching walls after tear-out of old countertops, and backsplash. We will not remove wall laminate.
6. All cutouts from sinks and cook tops are the property of McGrory, Inc.
7. Space between backsplash and walls or any paintable surface will not be caulked.
8. Undermount kitchen sinks by other manufacturers should include additional support, supplied by you, to prevent the sink from coming loose, especially if there is a garbage disposal. We require the bowl at the time of template.
9. If bowl is by others, our price includes cut-out for bowl.
10. Joint between countertop and backsplash will be a silicone joint. This is for standard height backsplash and wall work.
11. Maximum overhang on a kitchen countertop is 12" for 3 cm material. If your overhang is larger, is in a heavy use area, or is near a cutout, please allow for brackets or other supports.
